Information for application to a doctoral study of “Interface Cultures”

Students interested to enroll in a doctoral study course of „Interface Cultures“ at the University of Art and Design in Linz are asked to submit the following documents to me in addition to the documents required by the study department:

- curriculum vitae including details on previous studies and completed degrees, professional experience and activities
- copy of the master thesis
- work examples of the master thesis
- further self-produced digital work examples from the study time or from practical work experience
- conceptual description of the study plan, including a written description of the project idea, concept and study theme, a detailed methodological and theoretical expose, background research as well as a working plan and time table and technical description of the proposed practical prototype development of the thesis
- formulation of a tentative working title
